1.0 Context and Legislative Framework

1.1 Background

Amendments to the *Conservation Authorities Act* were undertaken in 2020 to clarify the programs and services that conservation authorities (CAs) deliver. In 2021, [O. Reg. 686/21 Mandatory Programs and Services](#) provided additional clarity regarding the programs and services that CAs are required to provide. In April, 2022 the Minister released [Policy: Minister's list of classes of programs and services in respect of which conservation authorities may charge a fee](#) ("Minister's List"). CAs may only charge a fee for a program or services that it provides if it is set out in the Minister's List. The Minister's List identifies that CAs may charge a fee for mandatory, municipal, and other programs and services where the user-pay principle is appropriate.

The Minister's List replaces the 1997 *Policies and Procedures for the Charging of Conservation Authority Fees* which was approved by the Minister of Natural Resources and Forestry. The new Minister's List will come into effect on January 1, 2023. This policy document is intended to fulfill the requirement for each authority to adopt a written policy with respect to the fees that it charges for the programs and services it provides.

1.1.1 Legislation

The *Conservation Authorities Act (CAA)* Section 21.2 allows for conservation authorities to charge fees for services.

The CAA Section 21.1 Mandatory programs and services and [Ontario Regulation \(O. Reg.\) 686/21 Mandatory Programs and Services](#) outline mandatory (Category 1) programs that may be funded by municipal apportionment, provincial grants, or self-generated revenue with the user pay principal as appropriate.

Section 21.1.1 of the CAA outlines Category 2 Municipal programs and services, "An authority may provide, within its area of jurisdiction, municipal programs and services that it agrees to provide on behalf of a municipality situated in whole or in part within its area of jurisdiction under a memorandum of understanding, or such other agreement as may be entered into with the municipality, in respect of the programs and services"

Section 21.1.2 of the CAA defines Category 3 Other programs and services, "In addition to programs and services described in sections 21.1 and 21.1.1, an authority may provide, within

its area of jurisdiction, any other programs and services that it determines are advisable to further the purposes of this Act.”

Category 1 Mandatory Programs and Services include:

- Administration of *Conservation Authorities Act* (CAA) Section 28 and 28.1 including technical advice and studies;
- Response to legal, real estate and public inquiries regarding a CAA Section 28 and 28.1 and natural hazard inquiries under the *Planning Act*;
- Activities requiring a permit made pursuant to section 29 of the CAA;
- Review and commenting on applications under other legislation noted under the Mandatory Programs and Services Regulation (O. Reg. 686/21) and associated inquiries.
- Access to authority owned or controlled land for recreational activities not requiring direct authority or other staff involvement.

Category 2 Municipal programs and services include but are not limited to:

- Commenting on Planning Act applications for technical and policy matters other than for consistency with natural hazard policies, such as related to natural heritage, storm water management, or other matters requested by a municipality, county, corporation or individual.

Category 3 Other programs and services include but are not limited to:

- Extension Services (e.g. technical advice/implementation of erosion control measures, forest management/tree planting, wildlife/fisheries habitat management, management of forests/recreational land owned by others, technical studies)
- Recreational activities that are provided on land that is owned or controlled by the authority with the direct support or supervision of staff employed by the authority or by another person or body, or with facilities or other amenities maintained by the authority, including equipment rentals and renting facilities for special events.
- Community relations to help establish, maintain, or improve relationships between the authority and community members.
- Public education services to improve awareness of issues relating to the conservation, restoration, development, and management of natural resources in watersheds in Ontario.
- The provision of information to the public.
- The sale of products by the authority.

1.1.1.1 Otonabee Conservation Policy Statement

It is the policy of the Authority that it will charge a fee for the granting of permission or for providing a service where the permission or service provides a direct benefit to an individual, group or agency.

This Fee Policy and associated Schedules have been prepared in conformity with the *Conservation Authorities Act*. The fees and revenues are designed to assist with recovering the costs associated with administering and delivering the services on a program basis. These fees do not exceed the cost of the service.

2.0 Implementation

2.1 Notification

The Fee Policy and Schedules has been established by the Otonabee Region Conservation Authority Board following consultation with member municipalities and the public.

Through the clerks office of each of the member municipalities, the policy and schedules will be provided annually for their review and comment. The policy and schedules will be posted on Otonabee's website for a minimum of 30 days. Comments received will be presented to the Board of Directors for their consideration prior to any approval.

These notifications will occur during August and September of every year.

Comments will be brought to the October Board meeting for consideration. This will be done in conjunction with the annual operating budget development.

2.1.1 Reconsideration of Fees

As per subsection 21.2 (11) and (12), conservation authorities must identify the circumstances under which any person may request a reconsideration of fees and the applicable procedures

The fee reconsideration process will be based on the principles of fairness, opportunity, and notification.

Any person, group, or agency who is charged a fee by Otonabee Conservation may request, in writing, a reconsideration of the fee.

2.1.1.1 Procedure for Reconsideration

Requests for reconsideration of a fee shall be addressed as follows:

- a) A person, group, or agency requesting that Otonabee Conservation reconsider a fee shall submit their request in writing to the CAO/Secretary-Treasurer and shall indicate the specific details of the request and a supporting rationale.
- b) The CAO/Secretary-Treasurer shall review the request, and shall respond to the person making the request, in writing, within ten (10) business days, to communicate the outcome of the reconsideration and a supporting rationale.
- c) The person, group, or agency requesting further reconsideration may appeal to the CAO/Secretary-Treasurer's decision by submitting a written request to the Otonabee

Conservation Board, within ten (10) business days thereafter of being notified of the CAO/Secretary-Treasurer's decision. A rationale of the reconsideration is to be included.

- d) The Otonabee Conservation Board shall receive the reconsideration at their next scheduled board meeting. The decision of the Otonabee Conservation Board is final.

2.1.1.1. Recovery of Costs and Collection of a Fee

Otonabee Conservation's Fee Schedule is consistent with the Minister's List regarding the types of programs and services that can charge a fee for.

Fees for planning services were developed in conjunction with planning authorities and do not exceed the costs of administration on a program basis. Fees for permitting services do not recover the cost to deliver the service.

Fees charged for Category 2/ Municipal programs and services where the user-pay principle is appropriate and there is a provision in the MOU or agreement that the authority should be permitted to charge a fee for that program or service

Not included in the Schedules is those instances where Otonabee Conservation is already authorized under another statute to charge a fee for a program or service (e.g., Clean Water Act, Building Code Act). Currently, Otonabee Conservation does not apply those fees.

3.0 Policy and Schedule

3.1 Policy and Schedule Review Process

This Fee Policy and Schedules will be reviewed annually by Otonabee Conservation staff and changes will be brought forward to the Board of Directors for consideration.

The policy and schedule will be brought to the annual budget meeting of the Board.

Consultation is required if changes are applied to the Policy or Schedules prior to Board approval.

Every 5 years a comprehensive market condition analysis is completed, and recommendations brought to the Otonabee Conservation Board for consideration.

As per the *Conservation Authorities Act* S. 28 permitting and related fees, Otonabee Conservation will follow the direction provided in legislation.

[Policies and Procedures for Conservation Plan Review and Permitting Activities](#)

Approval of the updated Fee Policy and Schedule will require passage of a resolution by the Board of Directors.

3.1.1 Date of Effect and Transition

This policy replaces all fee policies as of January 2023.

This policy is in full force upon Board resolution.

Fee Schedule Definitions

Day-Use Permit

A day-use area permit authorizes the holder and the other members of the holder's party to enter and remain in the day-use area set out in the permit until checkout time on the day set out in the permit and to park one motor vehicle in a designated parking area.

Other fees may be incurred in addition to day-use fees for certain facilities, programs or retail items not identified in this fee schedule (i.e. equipment rentals, firewood, ice, etc.).

Walk-in Day-Use Permit

Any person entering into a conservation area for day-use purposes not using day-use parking area (i.e. on foot or bicycle).

Camping Permit

A camping permit authorizes the holder and up to five other persons to occupy the camp-site designated in the permit. A holder of a camping permit may park one passenger vehicle on their site.

Group Camping Permit

A group camping permit authorizes members of a religious, charitable, educational, or other philanthropic organization

to occupy the group camp-site designated in the permit.

Camp-site Categories

- Unserviced camp-sites - no electrical or water hookup available.
- Serviced camp-sites - electrical and water hookup and sewage disposal available.

Discounted Fees

Any fee may be subject to a discount at the discretion of the Manager, Conservation Lands Program.

Age Categories

Age categories referred to throughout this fee schedule are as follows:

- Adult - any person from 16 to 64 years of age.
- Child - any person under 16 years of age.
- Senior - any person 65 years of age or over.

Passenger Vehicle

Any vehicle carrying less than ten people including the driver.

Organized Group

Any members of a religious, charitable, educational, or other philanthropic organization. This includes Scouting/Guiding/Cadets, School Groups, Social Agencies, and specific youth groups.

Taxes

All fees listed in this fee schedule are inclusive of any applicable taxes (13% HST).

Operating Policies

This fee schedule is provided as a summary of fees applied by the ORCA at its various operating venues. It does not provide, nor is it intended to provide, complete information as to the various regulations and/or operating policies in effect at these venues which may relate to individual fee schedule items.

EXPLANATION NOTES:

Minor – An application is determined to be “Minor” where there is low risk of impact on a natural hazard or natural features and no technical letters or studies are required.

Intermediate – An application is determined to be “Intermediate” where there is moderate risk of impact on natural hazards or natural features and/or the review of a single technical report/plan (e.g., Environmental Impact Study, Floodplain Analysis, Stormwater Management Plan) is required.

Major – An application is determined to be “Major” where risk to natural hazard and natural features is high and/or the review of 2 or more technical reports/plans (e.g., Environmental Impact Study, Floodplain Analysis, Stormwater Management Plan) is required.

1. Applicants and/or municipalities are encouraged to consult with staff prior to submission of all applications to determine the extent and nature of information required to accompany the application, and to determine the appropriate fee.
2. Application fees must be paid at the time of filing an application. A permit will not be issued unless the application fee has been submitted.
3. Otonabee Conservation reserves the right to modify or adjust fees should the review require a substantially greater or lower level of review and/or assessment.
4. Where an application is made and determined not to be subject to Ontario Regulation 167/06, the application fee will be refunded less a \$105 administrative fee.
5. Permits are generally granted for two years. Permit extensions or renewals will not be granted. Applicants may re-apply for the reissuance of a new permit for the original approved works in accordance with most recent technical requirements and legislation.
6. Projects with multiple components will be subject to only the higher of the application fees, not the aggregated amount.
7. Fees for applications requiring technical review are based on the initial submission and two resubmissions. Submissions beyond those three will be reviewed and charged at the hourly technical review rate.
8. Otonabee Conservation reserves the right to increase fees without notice to address year to year increases that may occur from inflationary increases in operating costs.
9. Peer review fees will be recovered when a report contains information that is beyond the scope of Otonabee Conservation’s in-house expertise OR come to a third-party resolution where there is conflict.

10. Permit Amendment fees are based on the fee in place at the time the amendment request is made. Permit amendment fees for Large Fill are not subject to a \$600 cap.
11. A File Reactivation fee is charged for applications that have been dormant for over one year. File Reactivation fees are based on the fee in place at the time of reactivation.
12. All studies submitted to Otonabee Conservation for review become the property of the Authority and the information may be used by Otonabee Conservation and its member municipalities. For members of the public to view any studies, plans and reports related to a permit, a formal request under the Municipal Freedom of Information Protection and Privacy Act, PRSO 1990, c M. 56 is required. Access is subject to statutory exemptions.

File Reactivation	50% of fee to a maximum of \$590	50% of fee to a maximum of \$600

EXPLANATION NOTES:

Natural Heritage/Hydrologic Evaluation (NHE/HE) Review - This fee will be applied in those cases where a permit under O.Reg. 167/06 is not required, and no planning act circulation is deemed necessary. A primary example would be those cases where the Authority is asked to review a NHE/HE through an agreement with a member municipality to address site specific provincial legislation requirements or an Official Plan approved under the *Planning Act*.

Minor – An application is determined to be “Minor” where there is low risk of impact on a natural hazard or natural features and no technical letters or studies are required. Subdivisions less than 5 hectares in size are determined to be “Minor”.

Intermediate – An application is determined to be “Intermediate” where there is moderate risk of impact on natural hazards or natural features and/or the review of a single technical report/plan (e.g., Environmental Impact Study, Floodplain Analysis, Stormwater Management Plan) is required.

Major – An application is determined to be “Major” where risk to natural hazard and natural features is high and/or the review of 2 or more technical reports/plans (e.g., Environmental Impact Study, Floodplain Analysis, Stormwater Management Plan) is required. Subdivisions greater than 5 hectares are determined to be “Major”.

1. Applicants and/or municipalities are encouraged to consult with staff prior to submission of all applications to determine the extent and nature of information required to accompany the application, and to determine the appropriate fee.
2. Application fees are collected in the following fashion and must be paid before Otonabee Conservation review will commence:
 - a. Application fees for Minor Variances, Zoning By-Law Amendments and Site Plan applications are collected by the municipality except for the Municipality of Trent Hills.
 - b. Fees for Consents (Severance), Plans of Subdivision and Plans of Condominium will be collected by the municipality within the City of Peterborough and the City of Kawartha Lakes. Fees for Consent (Severance), Plans of Subdivision and Plans of

Condominium within the County of Peterborough and the Municipality of Trent Hills will be invoiced to applicants directly.

- c. Fees for Official Plan Amendments will be collected by the municipality within the City of Peterborough, the City of Kawartha Lakes, the Township of Douro-Dummer, the Township of Cavan Monaghan, the Township of Otonabee-South Monaghan. Fees for Official Plan Amendments will be invoiced to the applicant directly within the Township of Asphodel-Norwood, Selwyn Township and the Municipality of Trent Hills.
3. Otonabee Conservation reserves the right to modify or adjust fees should the review require a substantially greater or lower level of review and/or assessment or for applications that have not been included in the above table.
4. Consolidated Planning Act applications will be subject to only the higher of the application fees if submitted within a one-year period.
5. Peer review fees will be recovered when a report contains information that is beyond the scope of Otonabee Conservation's in-house expertise OR come to a third-party resolution where there is conflict.
6. Otonabee Conservation reserves the right to increase fees without notice to address year to year increases that may occur from inflationary increases in operating costs
7. The net hectare fee required for Clearance of Conditions will exclude lands outside of the development limit (e.g., natural hazards, natural heritage features and buffers). This fee will be capped at \$27,750.
8. Fees for applications requiring technical review are based on the initial submission and two resubmissions. Submissions beyond those three will be reviewed and charged at the hourly technical review rate.
9. Fees for amendments to applications are charged when the proposed development is modified after planning approval has been granted. Application Amendment fees are based on the fee in place at the time the amendment request is made.
10. A File Reactivation fee is charged for applications that have been dormant for over one year. File Reactivation fees are based on the fee in place at the time of reactivation.
11. All studies submitted to Otonabee Conservation for review become the property of the Authority and the information may be used by Otonabee Conservation and its member municipalities. For members of the public to view any studies, plans and reports related to a permit, a formal request under the Municipal Freedom of Information Protection and Privacy Act, PRSO 1990, c M. 56 is required. Access is subject to statutory exemptions.
